DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. Claim recites the limitation "said hollow body and "said front cover". There is insufficient antecedent basis for these limitations in the claim.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-5 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by
US/5,828,284 to Huang.

Huang disclosed (Fig. 1-4) a precisely identical circuit breaker structure as claimed in claims 1-5 of the instant application, including a plastic housing with a hollow body (30) having

three blades (36, 37, 38), a leg (13) having a rounded end, a resistor for a neon indicator held in said hosing (as shown at (50)), a hook (40) pivotally connected to said leg (13) (at (131)), said hook (40) having an arm (the bottom prong) going under a bimetallic strip (45), and a precisely identical mounting structure for a front cover (50) and said hollow body (30) including pluralities of posts, orifices, and sleeves as claimed in the instant application.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to Applicant's disclosure:

US/5933069, 6072381, 6400250, 5760672, 5694106, 5539371, 2571654, 3435169, 6252490, 5262748, 5089799, DE/2502579, and GB/2177543 disclosed switches with bimetallic elements.
